

Breadcrumbs

Davidovitch creates premium breadcrumbs for the industrial and consumer markets at its fully-automated production facility. These tasty crumbs are of the finest quality and ideal for coating meat, fish, and vegetable products, as well as for use in baked or fried easy-cook meals, and as fillings for the food industry.

Breadcrumb Range

Standard Breadcrumbs:

The familiar breadcrumb, with a natural beige tone.

White Breadcrumbs:

These light-colored breadcrumbs are often preferred for mixed fillings and as a light and crispy coating for frying.

Golden Breadcrumbs:

A warm golden-orange, with added paprika, these breadcrumbs can be used as a coating or thickener for a variety of dishes.

Predust:

For industrial use.

Product Size

The crumbs may be produced in sizes ranging from 0.5mm to 1mm, and blended together for a natural coating effect.

Seasonings

We are happy to meet the requirements of our customers, and offer a broad range of additional herbs and spices, including parsley, garlic, and sesame.

Storage & Shelf Life

Up to 12 months in a cool, dry place.
